

LAST
of the 80's

Bulkeley High School Hartford, Connecticut

1989

Dear Mr. Conlon,

There will come a time in each of our lives when we will look back and remember all the people who have helped us along in life. You are one of these people. By defending our school's name and honor, you have shown us what is meant by pride. No matter what the media would say about us, Bulkeley was always #1 to you. It meant a great deal to know that someone believed in us. By believing in us, you gave us the strength and courage to overcome the obstacles.

In honor of your fifteen years of pride in Bulkeley, we dedicate this yearbook to you. We wish you much happiness in your future.

Sincerely,
The Class of 1989

Dear Mrs. Consoli,

We will always remember the first day we met you. We had all heard that our new principal was going to talk to us in the auditorium. We had no idea what to expect from our new principal. After the initial introduction was over, you promised that we were going to have a great year. We cheered you on. We knew from that moment on that you were someone who really cared. Thanks for keeping your promise!

We are proud to have been your first graduating class at Bulkeley High School. We appreciate all the confidence and support you have shown us throughout the year. Your concern and respect for us have touched upon our lives. Thank you for treating us like adults.

Because you cared (and because we don't want you to forget us), we, the Class of 1989, would like to extend our gratitude to you by dedicating our yearbook to you. May your future years at Bulkeley bring you much happiness.

Sincerely,
The Class of 1989

THE LAST OF THE EIGHTIES

Memories of nearly ten years pass —
Consume us.

We long to return to the beginning,
And start again.

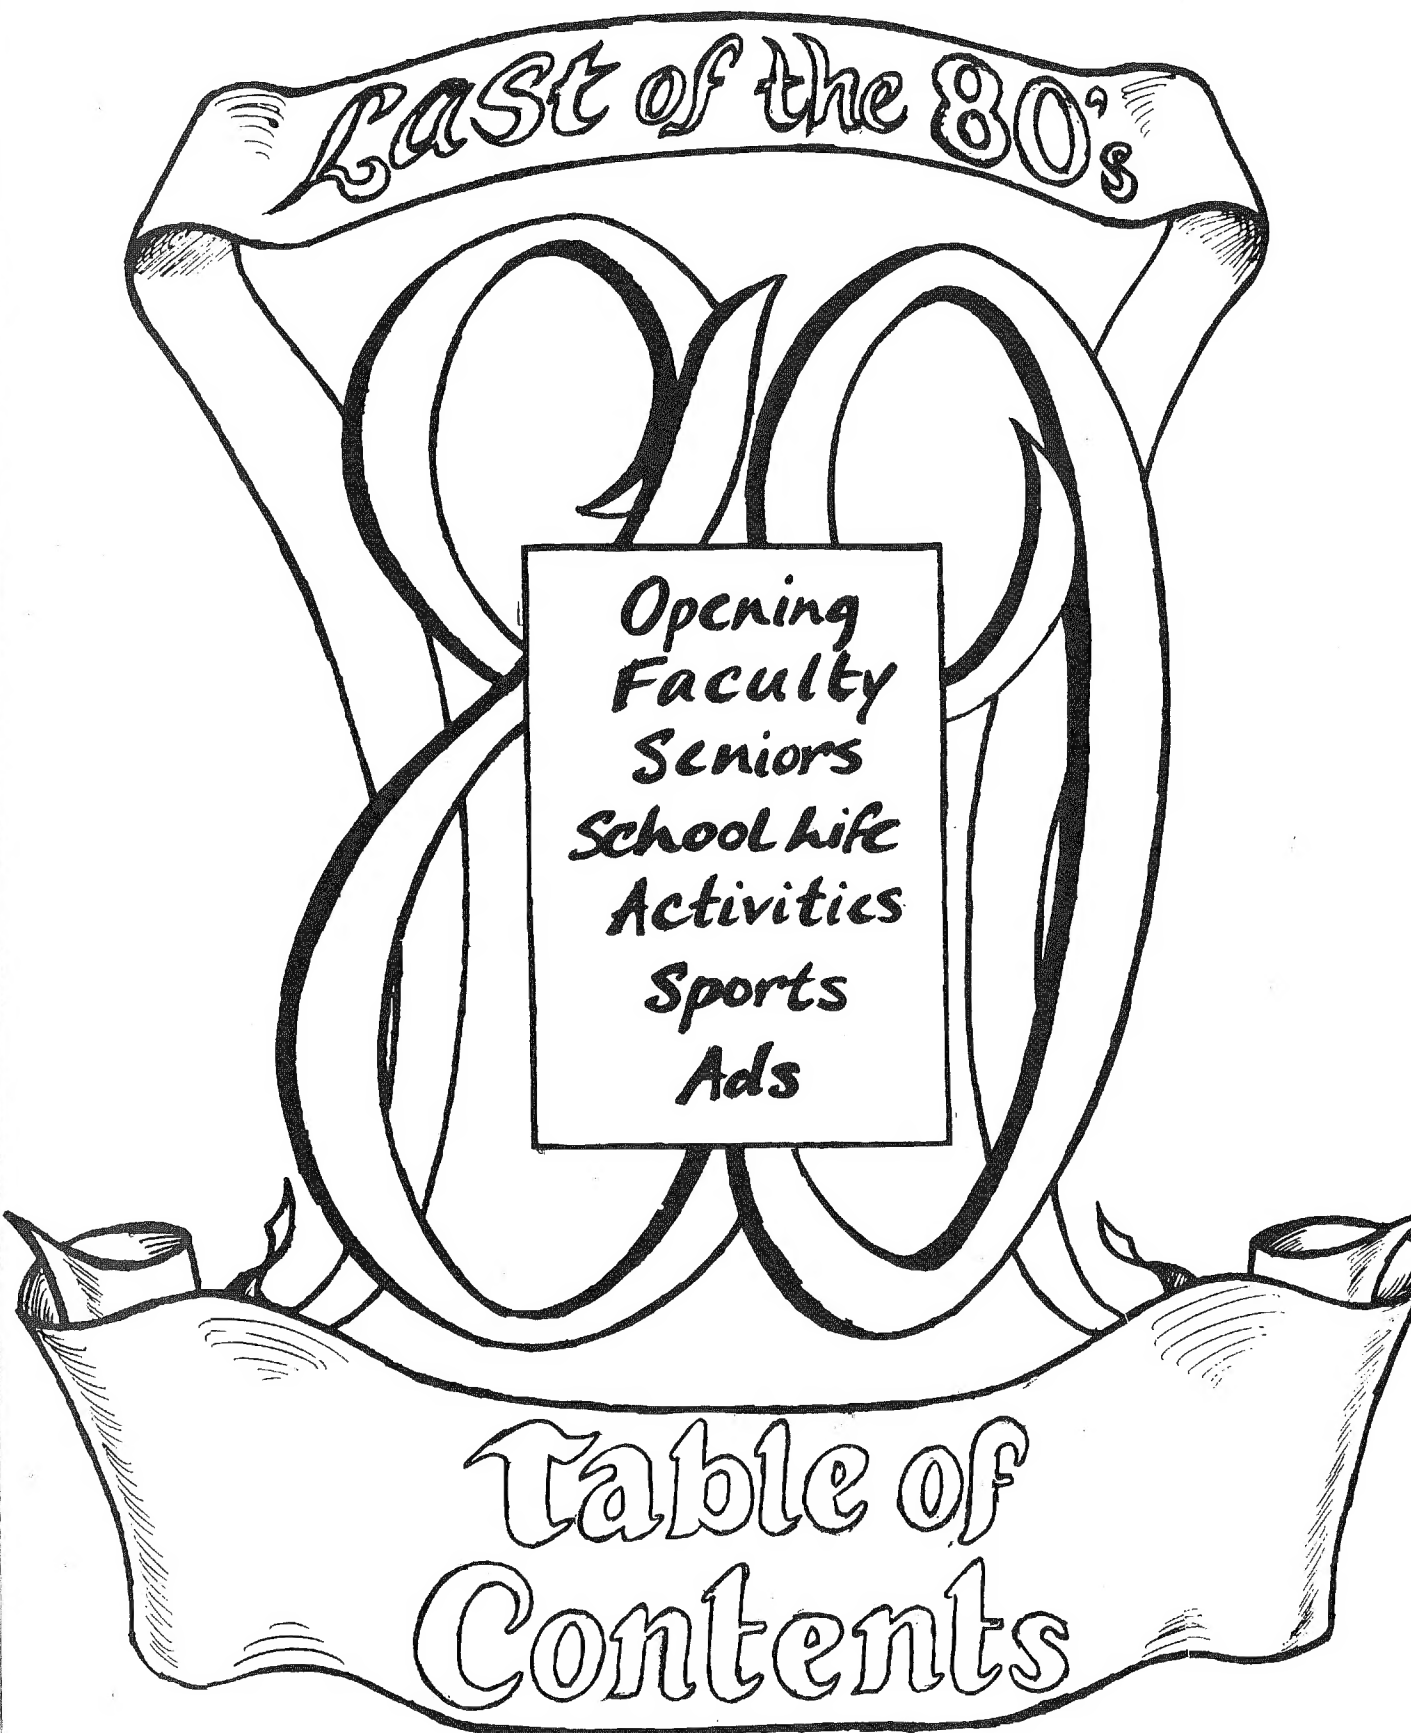

But this decade of change
Has taught us,
We must move ahead.

Now we are at the end of
This chapter in our lives;
Dusk covers the land we've traveled, while
Ahead dawn awaits our discovery.

And we, the last of the eighties,
Will look back.

But only for a glance,
For we are also the hope of,
THE NINETIES . . .

ADMINISTRATION

Anna Consoli
Principal

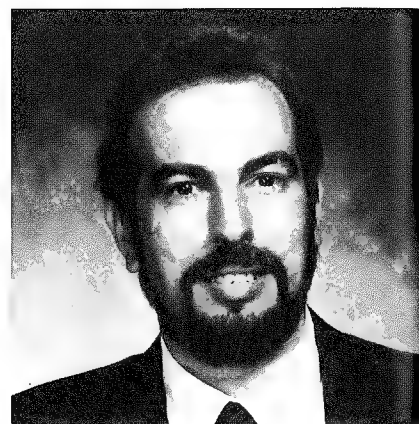

There are so many lessons about life and living that I wish to share with you — so much that I have learned in the twenty-five years since I was a senior at Bulkeley High School. Yet, our paths have crossed only for a brief year. I didn't even have the opportunity to get to know each of you personally. What I have instead, are a few lines on which to write a statement which should make an impact on you for a lifetime.

I encourage you to always set goals for yourselves. A person without a goal travels aimlessly through life without a destination. Prepare yourselves well by setting high standards and believing in your potential and power to make a difference in this world which looks to your generation for positive changes. Most of all, remember that, as isolated as modern technology and the turmoil of the present has forced us to become, you still have a responsibility and an obligation to the people around you. Let this world be a better place because you have lived in it.

AUTOGRAPHS

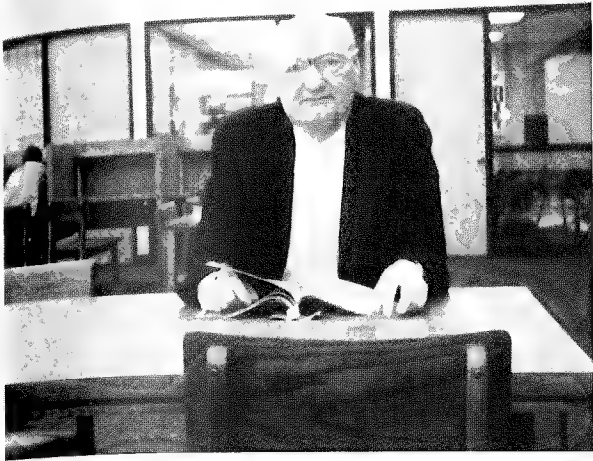

Frank Scelza has dedicated much of his life to Bulkeley. As a student, he was a wonderful athlete. His friendship with Babe Allen inspired the naming of our field house. As an administrator, he exerts his leadership and demonstrates much school spirit. We will never forget him.

Billie Duval started as a physical education teacher at Bulkeley. She was then promoted to a vice-principal position. She adapted to the change and is a liked and respected administrator. She is known throughout the school for her concern for the well being of the student.

Frank Mancuso teaches art. He has given many years of service to Bulkeley. He has studied art intensively throughout Europe and here at home. He is a great artist and teacher. His exceptional talent will be remembered always.

RETIREEES

Ted Stopyra teaches science, especially biology. He is an alien from Odipidus that came to this country to help educate future generations. His teaching practices leave nothing to be desired. He will be missed by all of his students and peers. He is truly one of the best.

Tanya Dailey White teaches foreign languages. She is fluent in French, Spanish and English. She has worked here for a number of years and has successfully fulfilled her role as an educator in our school system. She is appreciated and well-respected. She is a teacher who is hard to forget.

Mary Caffrey teaches English. She has classes such as speech. She has been at Bulkeley for quite a few years and has dedicated much of her time to her students. Her spirit and great personality will be sorely missed.

To the Class of 1989:

We, the Yearbook Staff, have tried to make this yearbook one that you will enjoy in years to come. It was not our intention to leave any senior out of the book and we apologize if anyone was overlooked. We want you to remember as you look through this book that making a Yearbook is not easy. We have worked very hard to bring you one that you will like. However, we did it with the senior class in mind and we did it gladly.

This book is dedicated not only to Mr. Conlon and Mrs. Consoli, but also to the people it is about. This book is dedicated to the GREAT Class of 1989.

Thank You,
Yearbook Staff

HARD WORK DETERMINATION AND A HELPING HAND.

That's what it's all about.

With a lot of hard work and a little bit of help, the Class of '89 is about to graduate. What's more, the Class of '88 is already out there making it in the real world.

In fact, a small group in particular — grads from Bulkeley, Hartford, and Weaver High — are doing exceptionally well. They all have good jobs at The Travelers.

But, they got their start while they were still in school. The "School-to-Work Program" helped them make it through their senior year. And, once they graduated, gave them a chance to

get into a paid, full-time training program, leading to a challenging job.

Through the "School-to-Work Program" and The Travelers' "PROJECT FUTURE," they learned how to use computers in the business world. Sharpened their math and reading skills. And put their talent to work.

You can, too. So, if you're planning to graduate in 1990 and want to make the most of yourself, make the most of your senior year. Talk to the "School-to-Work" counselor at your high school.

If you can handle the hard work and have the determination, they'll give you a helping hand.
